

Powerhold Accessories are a collection of High Performance Core (HPC) accessories for use in conjunction with Powerhold Glue Down and SPC Clic flooring products.

Powerhold Accessories are species and/or color coordinated with all Powerhold flooring colors and patterns to provide a uniform appearance and appealing design aesthetic when accessories are needed.

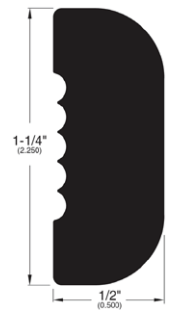

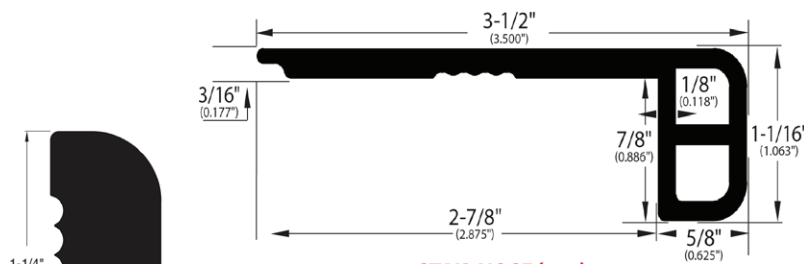

Powerhold Accessories include T-moldings, stair nosings, reducers and a variety of other accessory pieces to complement any installation. Powerhold Accessories are made in the U.S.A.
